Graduated in Public Administration			29	58%	17	41%	16	37%	8	57%

[1] Data represents a duplicated headcount of master's degree-seeking John Jay College "home" institution students that entered John Jay College as new graduate students (excludes graduate transfers). Disaggregated program numbers may not sum to totals due to the existence of "unclassified" student enrollments at the time of cohort establishment.

[2] Data represents a duplicated headcount of masters degree-seeking John Jay College "home" institution students that graduated within 4 years of fall term entry with any master's degree in any major.

[3] Due to a data entry issue at the time of program enrollment, some Forensic Psychology MA/JD program students are being mistakenly "enrolled" under the Forensic Psychology MA program codes, only to be corrected later, upon attainment. As a result, the data for these two majors needs to be interpreted with caution.
