<sup>4</sup> "Regular Admit" is defined as excluding ESL and SEEK students; "Conditional Admit" is defined as students that are not full admit status at the start of the first term enrolled.

<sup>5</sup> Cohort represents only first-time, full-time, baccalaureate-seeking John Jay College "home" Institution enrollment in the spring term at John Jay College immediately following the fall term of entry. Students enrolled earning zero credits are included in the dataset and credit hours average calculation. Average credits are computed for the full 12 month enrollment period (i.e., fall, spring, summer) whether or not the student chose to enroll in summer term courses at John Jay College or another CUNY institution for credit.

<sup>1</sup> Data represents a duplicated headcount of master's degree-seeking John Jay College "home" institution students that entered John Jay College as new graduate students (excludes graduate transfers). Disaggregated program numbers may not sum to totals due to the existence of "unclassified" student enrollments at the time of cohort establishment.

<sup>2</sup> Data represents a duplicated headcount of masters degree-seeking John Jay College "home" institution students that graduated within 4 years of fall term entry with any master's degree in any major.

<sup>3</sup> Due to a data entry issue at the time of program enrollment, some Forensic Psychology MA/JD program students are being mistakenly "enrolled" under the Forensic Psychology MA program codes, only to be corrected later, upon attainment. As a result, the data for these two majors needs to be interpreted with caution.
